## How to Measure Your T-Shirt Size:

1. **Stand straight** with arms relaxed at your sides.
2. **Wrap a measuring tape** around the fullest part of your chest, just under your armpits.
3. **Keep the tape level** all the way around and snug but not tight.
4. **Note the measurement** in inches.
5. Compare it with the “T-Shirt Size (Inches)” column in the chart.
